TMS architects | residential commercial interior design

Interior Design Services

TMS Architects is dedicated to creating stunning interior spaces that align with our clients' styles and visions. Our highly educated design team will work with you directly to ensure the interior of your home is everything you could hope for. We offer a large range of services for both the Interior Design/Construction phase as well as the Decorating phase.

Construction Phase

- Full interior design services for both new construction and renovation projects
- Kitchen design – functional layout, cabinets, furniture, lighting and hardware
- Bath design – overall layout, tile design and plumbing
- Design of outdoor kitchens, patios and pool houses
- Design of home office and work-from-home spaces

- Commercial projects including office spaces, retail and fitness spaces
- Hospitality projects including restaurants, country clubs and bars
- We will work with you through the design and construction processes to create a space that suits your lifestyle requirements
- We will work with you to make the process as pain free as possible

TMS ARCHITECTS- ONE CATE STREET- PORTSMOUTH, NH 03801- 603-436-4274- INFO@TMS-ARCHITECTS.COM

Decorating Phase

- Create a holistic home approach or invigorate a few spaces in need of updating
- Revitalize your home for personal use or to prepare for resale
- Create a second home oasis apart from your main home
- We can work with existing items to create a more individualized design
- Goods purchased through TMS will include trade discounts
- Draperies and window covering design including roman shades, traversing and integrated solar roller shades
- Design of custom furniture
- Design of soft goods including custom bedding, throw pillows, window seats and other accents
